

Pemberly Yorkies

Stud Contract

This is to certify the stud dog named below was bred to the female named below on the dates listed

Stud Dog: Mr. Darcy

Female:

Dates of Breeding:

Witnessed By: Don &/or Fawn Conover

In the agreement of this breeding between stud owner and female owner, the stud owner has chosen the option of a stud fee or _____ for service to the said female listed in this agreement.

Stud fee for service to be paid at time of breeding: \$550.00

Receipt for Payment

Payment Method: POL / Cash

Date:

Owner(s) Initials:

_____ At least (1) one puppy born constitutes a litter.

_____ The female owner understands that the stud owner cannot (and will not) guarantee the number or gender of the puppies to be born.

_____ If "Pick of the Litter" option is chosen the female owner will place a \$550.00 deposit that will be refunded 30 days after the stud owner takes delivery of the chosen puppy. If said puppy should die before delivery, or within 30 days of delivery, the total \$550 deposit will not be refunded.

_____ In the event of no pregnancy resulting from the stud service between said stud and said female listed above, the agreement allows for a free return service that will be provided to the same female with the same stud dog.

_____ In the event of no pregnancy of stud breeding between the said stud and said female listed above a letter from a licensed Veterinarian in good standing with the Veterinarian State Board must be written and signed by the Veterinarian of female owner's choice, the letter must state there was no pregnancy or litter produced from the said female.

_____ The letter from the Veterinarian must be post-dated no later than (7) seven days after the said female due date.

_____ The female owner understands that proper care of the puppies to be born will include tail docking, dew trimming, vaccines and worming, food, supplements, and any additional veterinary care that is needed is the sole responsibility of the owner of the female and will not be expected in any way of the owner of the stud. However, the stud owner would like to be available for advice and to assist in any reasonable way to secure the health and proper care of the litter.

_____ Fawn Conover, owner of Mr. Darcy of Pemberly Yorkies will sign AKC/UKC/CKC litter registration upon evidence that proper procedures are followed. The female owner will notify Fawn Conover as soon as a litter is produced and provide the Date of Delivery, number and gender of the puppies.

This is a legally binding document and will be enforced in the State of Arizona and the County of Maricopa.
